

# OptiY University Program

With the OptiY Academic Research and Teaching License, researchers can access the latest in CAD/CAE based design technology for reliability and quality. Universities can also use for education of students. We offer the academic software license with full features and cheap conditions for these qualified programs.

To take part on these programs, please send the following short registration form:

*University*  
*Department*  
*Contact Person*  
*E-Mail*

with subject "University" to the e-mail [university@optiy.eu](mailto:university@optiy.eu). After acceptance, the academic software license can be purchased by our distributors.
